

# Investigate With Jam- Case #6 : Playground

Step 1.

Playground 1

Playground 2

Where is it the playground located?

---

---

(in a park, neighborhood, city corner?)

---

---

How many pieces of equipment do you see?

---

---

How many things can get you high in the air?

---

---

How many things can you go under?

---

---

How many things can you climb?

---

---

What can you play on with a friend?

---

---

What can you play on by yourself?

---

---

What do you like about this playground?

---

---

What don't you like about this playground?

---

---

What would you add to this playground?

---

---

## Investigate With Jam- Case #6 : Playground

Step 2. Design your playground. Draw a playground you would like to visit. You can add so equipment you saw at the other playgrounds or create your own. Don't forget to use you wild fun imagination.
