

Investigate With Jam- Case #7 : Directions

Step 1: Create your own address sign.

Create a street name and number for your room and write it on the sign.

Color and cut out the sign. Tape the sign to your bedroom door.

Step 2: Write direction from the parking lot in front of your house to your bedroom.

On the start line write your starting location.

On lines 1-10 write each turn you take to get to your room.

Don't forget to use directional words like left, right, and straight.

Draw an arrow in the square that matches the direction next to it.

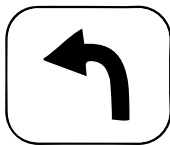

On the destination like write your room address.

Give the directions to a friend or parent to see if they can find your room.

Example:

Start

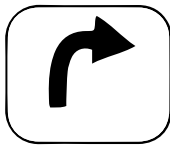

Our red car

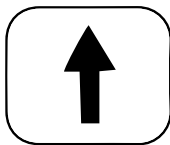

1. Turn left on the sidewalk.

2. Walk straight to the door.

3. Open door. Make a left at the couch.

2. Walk straight up the stairs.
